KEY BENEFITS

- Eliminates oils & dirt while visibly reducing pores
- Gently cleanses stressed, polluted skin
- Leaves face feeling refreshed & radiant

Our rose-scented, clarifying mask is a powerful combination of charcoal and three triple-action clays will leave your customers with smooth, naturally exfoliated, and enriched skin. This indulgent, hemp-infused formula acts as a magnet to capture deep-set impurities. While most masks tend to dry skin, we've combined the powerful technology of lecithin, which acts as a humectant to retain moisture and provide the nourishment skin needs. The outcome will leave your customers feeling reinvigorated with a healthy glow.

Our team vets all our US farms to verify they conform to state and federal guidelines for our USA grown and extracted Hemp oil. We fully test all of our hemp products to ensure purity, safety and potency.

This cream has 300 mg of hemp extract. This product contains hemp-derived oil with no THC. Net Wt 2 oz (57 g).

Ingredients
