I got this for my elderly cat. She loves it! It was a bit hard to put together. There was one seam coming apart as well. But it is heavy duty, which would be great for a dog.

I bought one of these just to see how well it worked and it was so amazing I bought another one. I have 2 dogs and they both love this bed over all the other dog beds in the house so I replaced the other beds with this one. Its durable and looks great in every room. My dogs absolutely love it! This is the last dog bed they'll ever need.

My dog usually has to be carried to her cage when it's sleepy time. But today I put this bed in her crate and she's been going in and laying down ON HER OWN. NO joke. It's insane. I'm so happy that she likes this bed so much.

Dog loves it! I like that the mattress cover is machine washable. The only downside is putting the bolsters together after every wash (which is once a week to keep it smelling fresh) and the waterproof lining inside came apart after just a couple of washes.

It was a little difficult to put together but it was worth the effort for my sweet boy. I'm sure it would help him as well.
