- NO Chemical, Ozone Free. Suitable for disinfection of living room, bedroom, pet house, kitchen, bathroom. It is recommended to use it once or twice a week for effective sterilization.
- 36W 110v, 3 gears time setting, 1 minute delay start.
- Technology: Bulbs are germicidal UVC and put out wavelength of 254 nm light. UV sterilization has been used for many years in sterilization. UV light can kill bacteria, viruses, germs, dust mite eggs, dust mites, molds, C.difficile etc by destroying their DNA.
- Warranty: Bulb Service Life: 8000 hours. One year warranty after purchased, bulbs are replaceable. Please feel free to contact us by email if there is any problem with our products and we will reply and give satisfied solution within 24 hours.
- Tips: UV lights have some stimulating effects on human eyes and skin. So when the UV lamp is working, people or pets can't stay in the room where it is.

Product details
