Vine Customer Review of Free Product ([What's this?](#))

The cleaning cloths arrived well presented in cardboard box. There is 12 of the cloths in 3 different colours. Each cloth has loop so can be hanged on hook. First experience with it I had when I cleaned large mirror.. The fabric literally is so catchy.. I have dry hands and oh I dont like the feeling when cloth catches to every single piece of dryness on my hands.. I'm sure you can imagine the feeling.. I had to wear gloves to continue cleaning ;)

Cloth does good job at cleaning, the mirror was spotless. It didnt leave any visible fluffs or smudges. Cloth is good size and has wide variety of uses. From cleaning, polishing to drying the dishes.

Whatever is needed, cloths are there for you :)

Wife uses them for wiping around the sink and cleaning the worktop. They are good enough for the tasks but I just dont like to touch it by my hand... is catchy..

!2 good quality lint free microfibre cloths for £9.99, making them great value at around 83 pence each. These aren't the thick microfibre cloths you use for cleaning surfaces or dusting, they are lint free cloths for glass polishing or cleaning windows. They are also pretty absorbent and great for clearing wet windows/mirrors. They come vacuum packed so the box size is deceiving. Each cloth has a loop for hanging too.

My husband loves these cloths for cleaning

Great cloths

Vine Customer Review of Free Product ([What's this?](#))

These are really good for cleaning glass and dusting with, I've found I don't need any cleaning products, just warm water and a bit of gentle rubbing to get the windows clean with the slightly rough side and then another cloth to polish them up with the smoother side. They're lint free so there are no annoying bits of fluff left, so damp dusting with these is a doddle.

The hanging loops make them easy to store. They wash well too. Love these cloths!
