Brand : HERTURTI

Selling market: The united states

Silicone Breastpump lets you express milk using the power of natural suction! Simply squeeze, attach to your breast and let it work its magic. Forget expensive electric breast pumps that are difficult to use and impossible to clean – the HERTURTI breastpump doesn't require any cords or assembly, smooth inside and extremely easy to clean that by simply boiling in water for 2-3 minutes.

Our HERTURTI Manual Breast Pump is lightweight, portable and the perfect tool for every baby bag. Use it on long distance trips, or anywhere you would like to express silently, discreetly and quickly. While breastfeeding, attach it to the lateral breast to catch any let-down that would otherwise be lost in a disposable nursing pads.

They are also made with super soft silicone that is gentle and comfortable on sensitive skin.

Every mum wants the best for the health of their baby, which is why we strive to create the most eco-friendly products we can.
