Description Reviews

**Product Introduction:**

Rebound sole is lightweight and compression resistant, providing superior stability and shock absorption. The supportive nature of PVC material is suitable in relieving foot pain and other conditions that feet might be affected by. Concave-convex texture on the sole, non-slip and wear-resistant, to protect you and your family. Soft High-Elastic PVC, lightweight, durable and flexible, make your feet ultimate comfort. Anti-slip: Anti-slip soles increase the malleability of the shoes and increase the friction between the shoes and the ground. Thick soles: The sole thickness relaxes your feet after a long day of hardworking, keeps your feet away from water or anything dirty on floor. Easy care: Waterproof and these bath slippers won't make awkward squeaky after shower. Occasions: Casual style perfects for all season and occasions, home slippers, house slippers, indoor bedroom, bathroom, living room, swimming pool, beach, SPA, Leisure, public showers, steam rooms, dorms, camps, hotel locker rooms etc
