Description **Reviews**

Body: PP Spindle 9/16" Boron Bearing Ball bearings Size: 4.3*3.1*1.0inch (110*79*25mm) Weight: 11.2oz (318g)/pair

Pedals Material: Made of high quality aluminium alloy for pedal body; steel spindal;design ergonomics makes your feet stress even and comfortable.

Versatility:9/16" spindle fits for cruisers bicycle, mountain bike, road bike, city bike, junior bike, kid's bike, etc

Easy to install: CR-L for left; CR-R for right. Sealed bearing bicycle pedals protect spindles from water and dust which will cause noise and other problems, let you enjoy cycling in raining or climbing

Great grips: Anti-skid nails on each side provide more secure on the pedals and hold your feet in place. Even if they are covered with a thick layer of mud after a muddy ride, you don't worry your feet slipping off the pedals
