**Question:** Can these be used as a dry erase board? I need a wsterproif dry erase board

**Answer:** Actually, I marked mine with my initials using permanent marker and it didn't last at all so I think it might work! It won't last, though.

**Question:** Is the backside matte?

**Answer:** I'm not hip to all definitions of matte, so I'll answer with what I do know. It's plastic front and back. Hope that helps.

The clip part of this clipboard is terrible

Reviewed in the United States on April 12, 2021

Color: Green | Verified Purchase

A clipboard has two parts. A clip and a board. For nearly \$6, I think that both components should be high quality.

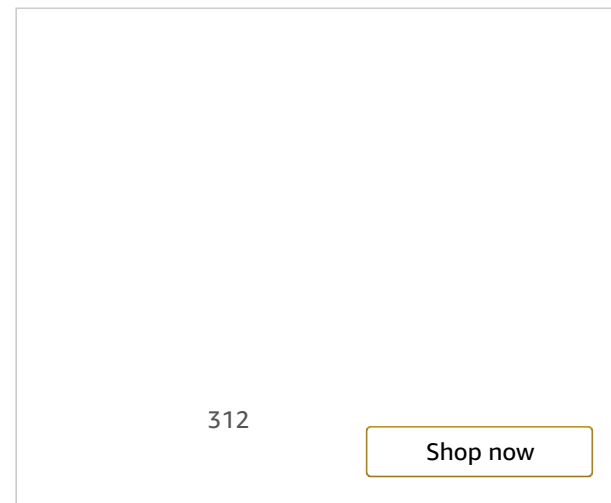

The board is as described, lightweight, durable. No complaints there.

My issue is with the cheap clip. It is awkward to open and close it, the pen holder feels cheap, and the

★★★★★ **Very Nice Clipboard for Frequent Use**

Reviewed in the United States on October 31, 2021

Color: White | **Verified Purchase**

To make my grocery shopping easier and more productive, I have devised a blank shopping list with grocery store topics (like staples, produce, etc.) to use for my weekly grocery shopping. I keep the master on my computer and simply print a new copy each week. Then I add it to a clipboard with a pencil for marking off items as they are placed in the basket. This clipboard is a very nice one for this use. It holds the list well and is nice and smooth. I stand it up on end in the child seat by the basket handle. This makes it accessible and easy to see what I need. Other customers often comment to me that this is a great idea. I am enjoying this clipboard for this use and recommend it as a nice, durable clipboard for any purpose.

★★★★★ **Like Other Clipboards, but Better**

Reviewed in the United States on July 19, 2021

Color: White | **Verified Purchase**

This is the second of these clipboards I've bought. My wife and I grocery shop together, each of us with a clipboard and a grocery list. Because of the pen holder, we both have a pen right at hand to mark off items as we put them in the cart. We haven't had these clipboards very long, but they seem very sturdy and are a lot more pleasant to carry around than those old-style clipboards that feel yucky and can have corners broken off.

★☆☆☆☆ **Misleading description**

Reviewed in the United States on November 3, 2021

Color: White | **Verified Purchase**

In one place it says the clipboard is 0.4 inches thick, in others it says 0.1 inch, or 25mm. The 0.1 inch is correct, but I bought based on the 0.4 inch listed at the very top of the item description. Also, the description says it will not flex. COMPLETELY ridiculous. I really regret wasting my money on this product.

★★★★☆ **Fragile boards**

I'm using the clipboard as a baseball dugout boards clipped to the fence, attaching lineup and such. At home, my son knock them off the work bench and chipped both clipboards on the corners the first week I had them. Disappointing this didn't survive a 3 ft drop better. I'm still using them at \$6 a piece over the \$2 Walmart hardboard ones.

I had to order three of these! The first two I got one was in good shape the other was missing a rivet, so while I was able to repair it (kind of), I shouldn't have to repair something I just bought!!! Value wise the one I repaired works but not the best I have had!!
