BUY IT NOW

- The clipboard folder is made of environmentally friendly PP material, not easy to break and deform; durable, light, easy to clean, convenient for daily use and storage of files.
- The firm clip can stabilize the paper, using a binder, it can hold up to 80-100 sheets of ordinary A4 paper.
- This folder clipboard is very convenient to use, it can be flipped and folded, so it is very convenient to write when standing.
- Easy-to-use to classify documents for different projects, areas or purposes.
- You can use the file folder to easily write and take notes, whether it is used for meetings, business, work, restaurants, lectures, visits, schools, offices, training, etc.
