★★★★☆ Defective dispenser. Need an exchange. It wobbles smh.

Reviewed in the United States on November 28, 2021

Color: White | Verified Purchase

I really like the product itself and it's great dense foam, however I received one that has a slight curve on the bottom(?)so it DOES NOT lay still. I uploaded a video that shows that it wobbles. I would like a bottom replacement without having to go through the trouble of refunding. Still waiting for seller to contact me. I'd love to purchase a second one but for now waiting for a response. One star.

★★★★★ So far so good!

Reviewed in the United States on October 25, 2021

Color: White | Verified Purchase

I wasn't sure about buying this because at the time that I bought it there weren't many reviews. I wanted to replace a different type of touchless soap dispenser I had that had died only after a year. I really wanted to try one with foaming soap so I took a chance on this one. Wise choice if I may say so. I've had it for a few months now. It was easy to set up. I've only had to charge it once so far. I didn't make my own soap. I had some foaming soap from bath and body works and some foaming Mrs Meyers soap so I've been using that. Me and my family wash our hands a lot so I've already had to replace the soap, but it's no big deal. I really love how it looks in my bathroom. It doesn't swallow my sink. I think I'm in love... totally recommend

★★★★☆ **Convinient to have in social bathroom**

Reviewed in the United States on September 22, 2021

Color: White | [Verified Purchase](#)

I placed it on my social bathroom and is working really good. Was easy to fill, fast response and is convinient to use it hands free when my kids come in fron playing outdoor.

It is a little bigger than expected and I would like the dispense detector to have more reach, but not a big deal.

★★★★★ **No more mess!**

Reviewed in the United States on December 11, 2021

Color: White | [Verified Purchase](#)

I purchased three of these foam dispensers for the wet areas of our home a few weeks ago and they work great! They look good and leave NO mess! It's a foam dispenser so no liquid or gel soap should be used it could cause it not to work or become defective. The only thing I experienced was one of our dispensers stopped working after three days so I opened it up thinking something was caught up in the tube. I'm not sure if the air fixed it or it wasn't sitting right but it started working and still is today; they all are. I do recommend this product and would buy it again. My husband was pleasantly surprised and wants to get some for friends and family. Batteries aren't needed plus the charge lasts long! I've only charged it once since purchased and we've already gone through a 32 oz bottle of dial foam soap. Use as instructed and you'll have no issues. Btw, the temperature display is a nice feature. My husband first thought I found a new product that warms up soap (soap warmer). He was bummed to learn it was only a temperature display.

★★★★★ **Dispenses very rich foam!**

Reviewed in the United States on October 9, 2021

Just had it a few days, but so far it's operating flawlessly. Love the super rich foam it dispenses. Just the right amount a little goes a long ways. For large adult hands give yourself a treat and go in for a second helping, but not necessary!

★★★☆☆ **1 of 2 ordered did not work**

Reviewed in the United States on December 2, 2021

Color: Space Blue | [Verified Purchase](#)

I ordered two: one white and one blue. The white one works well so far, but the blue one does not work. I charged it up. Tapping to switch Temperature between F and C works. Long tap/hold to turn on and off also works. But the sensor seems busted because it doesn't do anything when my hand goes under it. I also wiped the sensor area to make sure nothing is blocking it, but that doesn't fix it. Still not working.

★★★★★ **Best automatic foaming soap dispenser**

Reviewed in the United States on December 5, 2021

Color: White | [Verified Purchase](#)

I've had several automatic foaming soap dispensers and none were as well built or nice looking as this one. I like the fact I don't have to replace batteries like I did with the previous ones. Great foam and it

tells you the room temperature. I'm not sure why it would be needed, it is a great feature. Will buy again!

So far this soap dispenser has worked like a champ. We had problems with several with several others but this one seems to hold true. Really like the rechargeable battery option on this. much better than having to replace batteries
