The student will learn the effective use of cover and concealment, tactical reloads, equipment positioning and shooting from unorthodox shooting

Advanced Firearms (5 Day)

$1,975.00

Students will receive the skillset that is necessary to develop the combat mindset. On day one, the student will participate in a review of individual students' weapon handling skills. Each day will build upon the lessons learned the previous day. As each day progresses, the training regimen difficulty increases.

Advanced Rifle/Tactical Rifle/Urban Terrain Course (1 Day)

$1,500.00

Introduction to urban combat drills, stress induced sensory overload to simulate a combat environment, advanced rifle will incorporate all of the lessons from Basic Rifle and Intermediate Rifle courses. The skillset developed from the previous courses will be utilized every day of the advanced course. The student will utilize the skillsets developed as each day progresses.

positions that are often encountered on the modern battlefield.

The student will be challenged with tactical decisions which are often encountered in urban terrains. Physically demanding.

Patrol Rifle Optics/Back Up Sighting Devices Course (1 Day)

$275.00

This course is designed for the shooter who makes use of an optical shooting device for their firearm. Students will be taught installation, battle sight zero, the effect of the height difference from the mounting of the optic and its relationship to the actual barrel of the weapon system. The student will then incorporate these lessons and use this information for shot placement at known distances and employ proper "holds" at CQB distances and beyond.

LCI 1 Covert Surveillance (1 Day)

$795.00

The course culminates on day two with a field exercise in which the students will be required to use the tactics and tradecraft to conduct a covert surveillance mission practical exercise in the field. The students will have to utilize each of the tradecraft specialties that were taught during the lecture format.

LCI 2 Criminal Intelligence Operations For Law Enforcement (1 Day)

$395.00

This is the first course in our criminal intelligence series. Conducting criminal intelligence operations allows you to get ahead of emerging criminal trends and are an absolute necessity when facing the potential of civil unrest or mass protests. We will provide the fundamental skill sets needed to properly conduct criminal intelligence operations so that you can produce an actionable product for the end user.

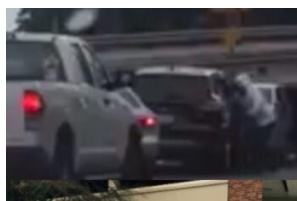

LCI 3 Open Source Intelligence Operations For Law Enforcement (1 Day)

$395.00

This course will provide the student with the fundamental skills necessary to make use of open source intelligence data as an effective tool for criminal investigations and policing. Upon course completion, the student will have the ability to maximize their investigative efforts through effective information gathering and data point exploration and exploitation. The course culminates on day two with a field exercise in which the participants will be required to demonstrate their ability to effectively use open source

information in a real-world field exercise.

LCI 4 Counter-Surveillance Operations For Law Enforcement (1 Day)

$395.00

Our Counter Surveillance and Surveillance Detection course is a two-day training evolution. We place a heavy emphasis on practical application. We believe that learning occurs when an emotional/and or physical response is elicited from the student and we have found throughout our careers that sitting through hours of PowerPoint presentations does not necessarily make for a good learning experience.

Community Policing, Use of Deadly Force, and De-escalation (1 Day)

$75.00

Earn Governors Initiative hours needed to maintain GA POST certification.
