★★★★☆ **Perfect for an Accent Picture**

I asked my mom for the night/blue tan one and I bought the brown/gold one. I plan on buying another since the brown/gold one did not go with the pictures I have already.

I like them a lot but I do not agree with the price. I'd say for the size and how lightweight they are, \$10.99 would be far more reasonable but I'm just a consumer. If you can get over the price then they are great pieces for a child's room/nursery? I used these in my living room for a rustic type feel. Overall clear picture, good quality. 4 Stars ★ do to price.

I am a fan of abstract images because they allow the mind to work in a way that goes beyond the normal recognition of know images. By going beyond the stored images that make up know forms you can piece together that abstractions to form something completely new.

This neat outdoor image from the Lacedusa company is a great example of an abstract image that sets you up to see it in more than one way.

You have the obvious parts such as the deer or elk as well as topographical indicators that jog

your mnemonic ques to associate them with something defined. The fun thing about this image is the only
