Perfect for my daughter!

Reviewed in the United States on April 21, 2021

Color: Silver **Verified Purchase**

My daughter needed a stand mirror and this was the best choice. She does very intricate makeup and this is perfect. She loves the light and the magnification. The light changes 3 times to help with all types of lighting situations. It sits on her desk and looks pretty in her room. She's had it for 2 months and still has not needed a charge. Long battery life, too! Would recommend.

Best mirror yet.

Reviewed in the United States on June 6, 2021

This is a fantastic mirror with a great price. The mirror came extremely well packaged. I had to screw on the stand and charge the battery. The lighting, many types and levels, is amazing. The image on the magnifying side had no distortions. I have bought many "make-up" mirrors before and all were lacking in one way or another. Tweezing is now so easy with this mirror, 10X is just right. Very pleased with this purchase.

Great magnification and light. Didn't know what I had been missing with my old mirror! Very reasonable price. The only suggestion I would make is to not have the charging port so close to the brackets on the sides of the mirror to allow it to swivel better.

The charging section has problem.

Reviewed in the United States on August 17, 2021

This makeup mirror was working one month properly, then the charging section starts getting so hot, and I couldn't detach the cable from the mirror. I don't recommend anyone to buy it.

Great mirror for make up

Reviewed in the United States on April 8, 2021

I already had a vanity mirror but needed a magnifying mirror that could be charged with usb. I love the brightness and the size is portable. The 10x magnifying mirror is great as you can see everything like when I'm drawing my eyebrows. Would highly recommend it

Great Mirror

Reviewed in the United States on June 28, 2021

Color: Silver **Verified Purchase**

I have been needing a new lighted mirror for years. Just never got around to replacing my old one. I'm glad I chose this one. I must admit I had a difficult time adjusting to the 10X magnification as it's a bit stronger than my old mirror but I'm getting there. I had several adapters from old cell phones so charging was not an issue. The mirror charges quickly and holds a charge for a long time since I only use it once a day. The height works well with my makeup table and the price was right. I am very pleased with my purchase.

Great mirror!

Reviewed in the United States on December 7, 2021

Color: Brush Nickel **Verified Purchase**

This mirror is exactly what I was looking for. It is the perfect size, very bright and has a few different choices for light. I was very tired of replacing batteries in my old one. This one is a plug in type with rechargeable batteries. It lets you know when it needs recharging, but even if it does you can still use it while it is charging. Charging doesn't take long. I have had it about a month and it is great. It is not bulky and doesn't take up a lot of space. It only comes with a cord and no electric outlet plug, so I had to find one.
