Entertaining your customers is supposed to be easy. So why is it so hard? How can you strategically use your sports and concert tickets to drive revenue?

Enter TicketManager. TicketManager is the best way to manage all of your client entertainment. Our web and mobile products help companies manage their sports and concerts tickets, organize company events, and stay compliant with all legal & tax regulations around client entertainment.

With TicketManager you can easily:

- See all your client entertainment in one place - sports tickets, events, invitations, meetings, conferences, etc.
- Find, request, approve and distribute your client entertainment assets.
- Integrate with Salesforce, Concur, Microsoft Outlook and many more.
- Create seamless RSVPs, mobile check-ins, event registration.
- Provide the most memorable event with VIP experiences, in-event upgrades, and souvenirs.
- Gain full control over who sees and uses your client entertainment assets.
- Easily ensure compliance.
- Create custom reports at your fingertips. Who went? Why? How are regions/departments/business units entertaining customers? What's the ROI?

See why over 4,000 companies use TicketManager to drive revenue from their client entertainment.

Easy and functional

App is easy to use and does what I need when getting tickets on the go.

tom2431, 10/25/2019

Limited performance & lots of errors

The TicketManager app is extremely limited compared to the website and does not help an average user identify clearly select from the different ticket options: company [more](#)
