Very good quality

[This review was collected as part of a promotion.] I got this for my son whos 6 months old. It's very good quality and it was pretty easy to set up. It only took 40 minutes to set up by myself. I love how this can turn into a daybed or a toddler bed after he grows out of it. Overall very good quality and very nice crib all together.

Beautiful crib

[This review was collected as part of a promotion.] I am so happy I came across this crib. It is simple yet elegant and really enhances my baby's nursery. It is exactly the style and look I was hoping for. The assembly was not too difficult. It took about an hour with my sister and I. The directions were easy to follow and all the pieces arrived packaged very nicely. It converts into a toddler and day bed so it is perfect for a child for many years and is such a great investment! I also really like that the mattress height is adjustable so I can change that if I need. I'm so excited to use this crib for my baby that arrives next month, but in the meantime my toddler loves it so much she might use it until then!
