**Natalie Taylor**  
 Quick burn time, uniform "soap" scents, melted upon delivery  
 Reviewed in the United States on August 13, 2021

 Some of these candles were melted and dripping upon delivery (I brought them inside as soon as I was notified of the delivery), so much so that the box was wet and stained. The scents all smell very similar, like floral soap and not like the scents described. They also burn out really quickly compared to other candles I've had of the same size.

 I was getting migraine headaches from the wife's candles. I made her throw them all away, and got her these for Valentine's to make up for it. So far so good. These little chocolates fit pretty good too.

 Great price and lovely smell. I am very happy with my purchase. I love the variety. As my wife likes some smells I don't. So the variety really is a great deal. I highly recommend this purchase.

Bought these for my team at work! I did a little pamper set with face masks, bath bombs and these adorable little candles. All the scents smell so good and the packaging it came in was super nice. I would definitely buy them again! I can't wait for my team to open their gifts for Christmas!
