GlowSTX™
SUSPENDED LINEAR LED SYSTEM

- Suspended linear lighting system
- Small size - 30" wide x 2.5" tall
- 75, 100, 150, & 200w options
- Smooth white or black anodized aluminum
- Adjustable light components adjust from a slight bend to a 90° return
- Modular lighting module may be arranged in a zig-zag pattern
- Placed horizontally with built-in multiple connectivity points for multiple independent lighting systems with independent control systems as required for complex architectural engineering
- Can be up to 20' long in a single piece
- Standard power and data along the fixture
- Supports up to 100mW per foot in the middle of systems along the fixture
- Power, data, and control
- Custom design possibilities

About

LF Illumination LLC is the brainchild of some of the greatest minds in architectural lighting. The company has leveraged relationships forged in architectural lighting over the past 45 years between manufacturers, fixture designers, marketers, and specifiers. The team responsible for LF Illumination are themselves innovators of new lighting... see more
