

MAIN STREET BASEBALL CLUB

WHO WE ARE

Main Street Baseball Club, founded in 2019 is a travel baseball organization located in southern New Jersey. The inaugural Main Street team, the Mavericks, began playing together in the fall of 2017 as a part of Maximum Baseball.

Our organizational philosophy is rooted in the belief that baseball is a great vehicle in which to learn many of the qualities which are critical to success throughout our lives. Those who ultimately succeed at the game are nearly universally gifted both physically and mentally. And while not all of the kids we coach will ultimately play at highest levels they can enjoy the game and learn much from it. We believe coaching youth baseball requires a perspective that baseball is not just about baseball; the skills required for success overlap a good deal with the skills required for success in life.

Having a feel for what baseball specific skills we can teach kids at what ages is only part of the equation for a successful youth baseball program. Cultivating an environment for the program is also critical. 'Good kids, good families, we'll teach them baseball' is our attraction philosophy and has worked.

MEET THE STAFF

Kevin Murphy, Manager
12U Mavericks

Coach Kevin began coaching in East Greenwich in 2012, started managing travel baseball in 2017 and in 2019 founded Main Street Baseball Club as he saw a need for players to learn the game and grow as young men in a competitive, yet supportive environment.

He believes strongly in the philosophy of attracting "good families with good kids and we'll teach them baseball." He brings to the club an extensive knowledge and love of the game and a passion for getting the best out of his players.

Kevin is a sports architect and principal at EwingCole, where during his career he has been involved with the design and construction of major sports facilities, including Citizens Bank Park, MetLife Stadium, Finneran Pavilion at Villanova University, Michie Stadium at West Point, Frawley Stadium and more.

Jack Marcellus, Manager
12U Mariners

Coach Jack brings an extensive baseball background to the program, he was an All South Jersey and All State High School Baseball Player at Gloucester Catholic High School, captain and 4 year starter at St. Joseph's University and has more than 15 years of coaching experience as a varsity high school, American Legion and Little League coach.

In addition, Jack has been a teacher and now administrator for more than 20 years, so he acutely understands how to communicate with young players to get the most of out of them.

In his own words "...the boys need to learn how to be great teammates, practice the fundamentals of the game and learn to be competitive while dealing with adversity in a way that will allow them to be the best player they can be."

Mike Trotter, Manager
9U

Coach Trotter has more than 16 years experience coaching and managing all levels of baseball teams ranging from 7U up to 35+ age level. He has coached youth travel baseball teams since 2013.

He lives by the quote "Luck is when preparation meets opportunity." He coaches using a mental approach to the game and believes when you put the time and work into it, any player can be successful at anything. He manages his baseball teams using the philosophy that all players are as important as the best player and therefore they all need equal development opportunities.

Trott uses the saying "know where you need to be and what you need to do before every pitch." He lives, preaches, coaches and teaches this aspect of the game.
