I bought this for my 9yr old for Christmas and she loves the look and sound. She asked for AirPods, but I thought these were very inexpensive and knew she would love the color. I also bought my 11yr old niece the white ones and she loves them. I tried them on and they sound really good. I'm glad I got these for them and planning on buying myself a pair to use when I travel. Love them!!

★★★★☆ **Great bass. It isn't water resistant.**

Best bass and clarity from a low end ear buds. I can hear the highs and lows very well. The competition doesn't have the bass as this one.

The skip to next track is a 2 second touch on the LEFT side which is counterintuitive.

The box states "waterproof" but the manual states not to get it wet. Very conflictive.

These are great! I absolutely love them. I use them when at work at times and I've honestly haven't had to re charge the actual case in over a week. (I'm not using them for hrs at a time tho) but over all, very happy with them.

Been using them quite a bit. They're handy and work very well. Great battery life. However, I don't use them for extended periods of time.

This item worked for just a few months. Last time I attempted to use, after a full charge, only one ear would work while the other repeatedly said powering off.
