

LONG + LIVE + MATH

You are the most important factor
in student learning.

You deserve the best resources to help you work your magic. Your
Teacher's Implementation Guide (TIG) synthesizes expert professional
development and day-to-day teaching support.

This resource has everything you need to:

- Understand the arc of the mathematics to promote deep conceptual understanding
- Create a learning environment that provides access and engagement
- Plan and facilitate quality learning experiences

...for ALL students.

MyCL

MATHbook and MATHia®, our intelligent
tutoring software, work in parallel to create
the next generation of great mathematical
thinkers.

Access all materials digitally through our
MyCL platform.
