# From Thousands of Feet Up ...

Writers have always described the beauty of Africa and its enormity, how even the sky seems higher, vaster here than anywhere else on earth.

Africa is bigger than the United States, China, and Canada put together, and this remarkable journey will reveal a diversity of landscapes and wildlife that is hard to imagine.

Our private jet and bush craft will transport you with ease and comfort, revealing unforgettable vistas of the terrain and wildlife below - from Ethiopia's rugged historical highlands to Kenya's expansive short grass plains, from Zimbabwe's mighty Zambezi river to the diverse Cape Floral Kingdom, to the world's largest inland delta, the Okavango in Botswana. Add to this natural tapestry the stunning volcanoes and forests of Rwanda, the Sahara and the legendary Nile river in Egypt, and you have a journey that is simply extraordinary.

That's why we specialize in private air expeditions, for reasons both romantic and rational - to provide you with the most profound experience in Africa and the most effortless flow from one wonder to another.

# ...to a Few Feet Away

Since Hemingway described it some 75 years ago, the lifestyle of African safari camps - elegant table settings, hot showers and crisp sheets in the cool of the evening, with the thrilling sounds of the night beyond your tent wall - has remained an icon of nonchalant sophistication.

In over thirty years of designing private air expeditions, we've identified the very best, most authentic and stylish properties. Some within legendary destinations like the Masai Mara; others on private concessions where we are often the only group, giving you exclusive access to exceptional habitats and wildlife viewing opportunities, and where, after an active afternoon on a game drive, a bush walk or a photo session, we can sip a leisurely sundowner from our mobile field bar, free to enjoy the sunset without the crowds.

INCREIBLE AFRICA 2020

CO-FOUNDER BUSHTRACKS EXPEDITIONS

Some 60,000 years ago, Homo sapiens ventured out of Africa for the first time, initiating what has become a favorite activity of our species: exploring the planet. We modern humans know that there is nothing like travel to reward all the senses, and now Bushtracks has designed the ultimate adventure: an unparalleled opportunity to venture back into Africa and see where it all began.

# Okavango Delta

A UNESCO WORLD HERITAGE SITE

Board bush planes and fly into the Okavango delta where life-giving waters meet up with the vast Kalahari, ancient mopane forests, grasslands and floodplains, creating one of the most magnificent animal sanctuaries in all of Africa. To ensure your Botswana wildlife viewing takes place on private concessions, in small safari camps, with the best naturalist guides, our group splits staying at three camps ideally situated in the heart of the Okavango Delta.

Stay at **Belmond Khwai River Lodge** in an elegant tented room with panoramic views, or at the intimate **Sanctuary Baines' Camp** in a luxury room with a sky bed on your private deck raised above the Boro River, or upgrade to **Sanctuary Chief's Camp** located on famous Chief's Island (upgrade pricing on request).

**ZIMBABWE** | SEPTEMBER 11-12 | 2020

# Victoria Falls

A UNESCO WORLD HERITAGE SITE

Your afternoon arrival in Victoria Falls will allow you time to walk a pathway from your hotel to the magnificent falls, or to simply enjoy the view of the iconic Victoria Falls Bridge from the veranda with a cool drink in hand. The following day visit a village as the guests of Mpisi Melusi Ndlovu, one of Zimbabwe's most distinguished herbal doctors, who will share the traditions and agricultural practices of his homestead. Conclude with a scenic ride on a restored steam train - the Bushtracks Express. Enjoy cocktails at sunset at the Victoria Falls bridge, followed by dinner on board. You may also customize your day and choose from a range of optional activities such as river cruises and scenic helicopter flights.

The five-star Edwardian **Victoria Falls Hotel** is one of Africa's oldest hotels, combining history with stunning views of the gorge below.

# Feel At Home On Our Private Jet

This extraordinary African expedition is made possible by our private jet, which saves hours of valuable travel time.
