- Voltage of heater MUST match the voltage of the residence/building or else the unit will NOT work properly. Please consult your electrician prior to ordering.

Description/Detail

The right combination of functionality and aesthetics can transform any outdoor space. Providing you a lifestyle experience, these heaters are exceptionally precise and versatile. Innova makes it easy for you to stay warm while enjoying the outdoors.

Controls:

- Easily control all Innova heaters with this stacked switch, with high/low and on/off settings. Featuring a stainless steel cover and single or double gang box that allows it to be installed in-wall.
 - The [single duplex switch](#) can be used to control each heating element separately for one heater.
 - The [dual duplex switch](#) can be used to control each heating element separately for two heaters.
- Switches also come in weatherproof options to protect against the elements.

Custom Orders:

Custom Colors - Innova will powder coat your heater with any color found in the RAL color matching system. To order a custom powder coated color, you will need to speak with a sales agent to complete your order. Please give us a call and provide the agent with the RAL identification number for the color you desire. Custom color requests will take 2 weeks to complete and are non-returnable

[Click here to browse the RAL color chart](#)

Custom Fascia - Want to really make a statement? Innova allows you to custom engrave the front faceplate of your heater. It is the perfect place to display a company name or logo. To request and order a custom fascia, you will need to speak with a sales agent to complete your order. Please give us a call with your design plans.

Flush Mount Kits:

- Convert any Innova heater into a recessed heater for the added architectural appeal and minimalistic look
 - Kits available in black, white, and stainless steel
 - Available in [39 inch width](#) for 4000w and 5000w heaters and [61 inch width](#) for 6000w heaters.
- The flush mount option from Innova Heating Co. is a fan favorite for interior designers, architects and engineers for a seamless and stylish look for any property.
