BUY IT NOW

Noise Cancelling Bluetooth Headphones Wireless Over Ear Headphones Folding ?Adjustable Headsets Rechargeable With Microphone.

Wear comfortable and secure: This headset earpad is equipped with soft PU skin materials over the ear, feel lightweight and contribute to your ear protection. The headset shell is designed with ABS materials and very durable not to wear out easily.

Clear conversation and noise reduction: Due to completely covered by the earpad, no outside noise could enter into your ear, nor sound loss. Your ear is only full of the immersive song/incoming call when heard/be heard, not disturb and could enjoy your songs/call all days.

Fold and adjustable design: Redesigned to adjust headset angle to fit your headband size, and foldable to take out any where you want. It's very convenient to go out travel, exercises, hiking, jogging, yoging etc. Universal devices compatible: Only have bluetooth enabled devices, this headset could compatible with your PC, smart phone, tablet, speakers. With advanced chip update, no sound loss when connect successfully, feel the sound stream over your ears.

Ultimate Music Freedom: Support voice command. Answer/ hang-up calls through one-touch controls button. Double-click the button to switch another song. Insert your SD card or connect your PC by the packed cable to enjoy your music time. Battery capacity also show in your smart phone to remind you timely. Wireless Headphones Bluetooth Noise Cancelling Headphones Over Ear headphones Folding.
