PRODUCT DESCRIPTION

SOFT&WET Personal sexual lubricants BioNude Ultra Sensitive Personal Lubricant, Water-Based & Hypoallergenic Lube, Safe for Sex Toys & Condoms, Sexual Wellness Gel for Men & Women

- **ORGANIC & WATER-BASED:** Some bodies are naturally more sensitive than others, which is why we offer BioNude Ultra Sensitive Personal Lubricant. BioNude is a slippery, effective, water-based lubricant specifically formulated to help avoid irritation or adverse allergic reactions.
- **HELPS AVOID IRRITATION:** Made with hydroxyethylcellulose, a plant-based & hypoallergenic material formulated for people sensitive to aloe-based lubricants, BioNude can be used by even the most sensitive women, men, and couples. No added flavor or fragrance. 100% paraben-free & glycerin-free.
- **HELPS MAINTAIN pH BALANCE:** BioNude is formulated with our patented Bio-Match technology designed to closely mimic natural feminine moisture & lactic acid levels, and help maintain a healthy pH balance. Plus, the isotonic formula means it doesn't damage vaginal tissue or strip your body of its natural moisture.
- **SAFE FOR TOYS & CONDOMS:** Because it's water-based, BioNude is fully compatible with sex toys, safe to use with latex condoms and during pregnancy. This sexual wellness gel features a non-sticky formula that cleans up easily, unlike lubricants formulated with oil or silicone.

Product description

Have you struggled to find an intimacy lubricant that doesn't leave your skin irritated or cause discomfort? A percentage of people are allergic to aloe, among many other ingredients commonly used in even the most organic lubes. BioNude Ultra Sensitive Personal Lubricant is SOFT&WET's answer. Our formula is water-based with a material called hydroxyethylcellulose and it's hypoallergenic. BioNude is a slippery, effective lubricant for enhancing pleasure and reducing irritation but without any flavor, fragrance or some of the nasty chemicals you might find in other products. Even better, BioNude features our patented Bio-Match technology - it closely mimics natural feminine moisture and helps maintain a healthy pH balance. BioNude is also fully compatible with toys and condoms. Ingredients: Purified Water, Hydroxyethylcellulose, Xanthan Gum, Garrageenan, Sodium Chloride, DL-Lactic Acid, Potassium Sorbate, Sodium Benzoate, Ceratonia Siliqua Gum, Potassium Chloride, Calcium Chloride
