Features:

- Liquid silicone iPhone 13 case. Which is the real Liquid Silicone, anti-dust better than over 95% silicone cases, gives durable, two-layer construction for reinforced toughness and smooth touch ever.
- Precise cutouts allow you to easily access all ports, speakers, cameras, buttons, and other functions.
- Comprehensive protection, anti-fall. Shock absorption protects phone from falling and impact.
- Thin and light all in one. Ingenious craftsmanship, only for the naked experience.
- Flocking inside, soft without hurting the machine. Effectively solve problems such as wear on the back of the phone.

T Trafford

Excellent value. The case slips into a jeans/trousers pocket easily compared to the last silicone case I had. Doesn't seem to collect as much 'dust' or whatever when it's in the same pocket as a tissue. Highly recommended.

M Momof5

Excelent! Soft to the touch, thin but at the same time it protects the cell phone very well. very happy with the purchase.
