Question: Hi! Which needle / what procedure for skin tag with skinny base removal (instructions not written by English speaker)?

Answer: Hello, I used the really thin needles that came in the package. My skin tags were many but smalls therefore, I opted for the small needle and this way I would be able to endure the pain. I have no tolerance for pain. Needless to say, it took me a while b/c of the discomfort factor but I'm pleased with my end results.

▼

Question: How long do you hold the needle on the area for?

Answer: Hi, the best thing to do is to get someone else to do it for you, it can be quite fiddly to do it yourself. The best way to remove the skin tag is to grab with tweezers and sweep the needle back and forth across the base of the tag which will begin to cut and cauterise. I don't suggest holding the needle in one place f... see more

★★★★★ Works on Cherry Angiomas

Reviewed in the United States on January 21, 2022

Verified Purchase

I purchased it to try to get rid of cherry angiomas. I have about 75 on my body and if I went to a dermatologist to have removed it would cost a fortune. I was tired of seeing them on my body so I thought I would try it. So far I have removed about 8. It's like it burns and destroys the top so it can't stay. It's a little painful but it is worth it when they are gone. It takes a few weeks for them to heal. I feel it would work on skin tags too but I don't have those. Thank goodness. I hope this helps someone else.

Toro

★★★★★ Good value

Reviewed in the United States on January 7, 2022

Verified Purchase

It was exactly what I was looking for. I examined carefully at beauty clinic how they treat my spots and found this at Amazon to do myself at home. Small and handy so it was so easy to use.(you don't need to be experts at all, just read instruction and use common sense.) Needles are coming in two sizes and small one comes in bunches. You can decide which one to choose depending on your spot easily. I spent way more money at beauty clinic to do the same thing but now I can do it myself at home way cheaper. So far the effect is the same. (from beauty clinic vs this remover pen) I highly recommend this product. Good value and it is actually working!

Small~Town~Girl **TOP 50 REVIEWER**

★★★★★ **Ergonomic, Sleek & Attractive. Easy to Use. Great Value.**

Reviewed in the United States on January 27, 2022

Verified Purchase

This skin tag remover pen is ergonomic and very easy to use, with all buttons right at your fingertips. I was a little nervous to use, so I searched out a few videos, and then gave it a try. I've been using this on skin tags with excellent results. The bigger needle is perfect for my use. This is sleek and attractive with an easy-to-read digital readout and a helpful light that shines on the area you are working on. With the larger-size needle, it really is not painful to use, or has not been for me. This comes with a USB charging cord and a good supply of small-size needles. Great value.

★★★★★ **Impressed**

Reviewed in the United States on January 10, 2022

Verified Purchase

I received this as a gift from my husband. I tried this for the first time and was skeptical. I have had skin tags and Nevis' most of my life and have just learned to live with them. However, this was magical I used it on first a big skin tag and didn't know what would happen after one use it fell off on the next day. I am now using it on the rest and the Nevis'. Color me impressed I recommend this product highly. It's easy to use and works great

Amazon Customer

★★★★★ **Surprisingly easy.**

Reviewed in the United States on January 18, 2022

Verified Purchase

I was skeptical about buying this product. Why shouldn't I? I'm attempting to remove some skin tag from my face. But to my surprise the skin tag remover is easy to use. The instructions provided were easy to follow. The instructions stated that within a few days they will be gone. I removed a few, the healing process took about 9 days. The first few days you will see the scabs on your faces but if you apply some cocoa butter or Vaseline, in a few days you will notice the difference. I'm glad I made this purchase. I do recommend buying a numbing cream b/c the removal process hurts.

Kindle Customer

★★★★★ **Great for the price**

Reviewed in the United States on December 26, 2021

Verified Purchase

This skin tag remover is great for the price. Easy to use, and I like that you receive quite a few replacement needles. Instructions are super easy to read. Make sure you're using good lighting and a steady hand.

★★★★★ Works Great!

Reviewed in the United States on January 13, 2022

Verified Purchase

I've had similar treatments at dermatologists - this skin tag remover pen works well, just make sure to follow instructions...I looked up a few YouTube vids on product use, and felt more comfortable the first time I tried it. Works well, no complaints so far!
