

NuVasive Maximum Viscosity Spinal Cement System

Mixing and injection system for high viscosity bone cement operating procedure

CAUTION: U.S. federal law restricts this device to sale by or on the order of a physician (or properly licensed practitioner) or on the physician's prescription.

This is packaged and sterilised, strictly for single-use. Do not reuse, retreat or resterilise. Reusing, retreating or resterilising the device may compromise its structural integrity and/or lead to the device malfunctioning, which can itself cause lesions, infections or death of the patient. Retreating or resterilising single-use devices can also create a contamination risk and/or cause infections or cross-infections in the patient, including but not limited to transmitting infectious disease(s) from one patient to another. Contamination of the device can lead to lesions, infections or death of the patient.

Comply with local regulations in force relating to medical waste for handling and discarding the device safely.
