AWARD FORMS

q. Musk Ox

Gold, Silver, Bronze & Honorable Mention Awards will be given, if applicable, for each category. Deadline for submittal is November 1, 2020

To be considered for a Mountain Monarch Award a SCI score sheet, WSF Hunt Report form, and a photograph which clearly shows the size of the animal. For this award, WSF will accept various scoring systems, but at a minimum the length and four circumference measurements of each horn must be provided for sheep and the length and base circumference of each horn must be provided for other species. The score must be certified by the hunter's signature; it is desirable that an official SCI measurer also certify the score.

These awards will only be given for outstanding trophies. The International Awards Committee will, on a yearly basis, determine the minimum sizes to be considered. In general, an animal must be in the top 20% of animals harvested to be considered. If, in a given year, no animals of a category fall in the top 20% - no awards in that category will be given. In addition, the number of Honorable Mention will be limited. In general, no more than three (3) Honorable Mentions per category will be awarded. Timelines associated with these awards are as follows: The deadline for submittal is December 1st of each year. The animal must have been scored within 12 months of the deadline and the animals must have been taken within 18 months of the deadline. This timing allows for some delay after harvesting the animal to obtain a proper measurement.

As part of the Mountain Monarch Awards, any Caprinae taken that is truly exceptional, may qualify for a Mountain Monarch Award of Excellence.

WILD SHEEP MAGAZINE

Wild Sheep magazine is a tremendous advertising opportunity for your business. As the premier publication of the foundation, our core readership is made up of hunters, outdoorsmen and your potential buyers.

Each full-color issue of Wild Sheep magazine is loaded with stunning nature photography, compelling feature articles, updates on wildlife conservation efforts and the latest Foundation news. Its the premier publication of big game hunting in North America as well as abroad. It also makes a great place to advertise your business.

In return, you'll have an incredible opportunity to reach a loyal reader base. Over 99% of our members are regular Wild Sheep readers, and 69% of our readers share the magazine with at least one other person. High-end quarterly publications like Wild Sheep tend to remain in households and businesses far longer than daily or weekly publications, so Wild Sheep will be visible and read over and over during the course of the year. All of this means that your message will endure month after month and be passed on to countless others, magnifying your reach. With distinct editorial content and key reader demographics, Wild Sheep magazine is an advertising opportunity you can't afford to miss!
