- 6 : Safe and Simple to Use: It can keep your wounds dry and protected from infections and contaminants. Our tape are fully boxed before use so you can concentrate 100% on your healing process.
7. Widely Used: Self-adhesive bandage wrap can protect to prevent injury during exercise, relieve swelling and promote healing.
8. Breathable Tape: The kinesiology tape is made of a non-woven material with a porous design, which is soft and comfortable. The bandages ensure that air enters the skin after wrapping, which facilitates the evaporation of sweat and keeps the skin dry. Individually packaged, safe, and portable, can use it for a long time.
