### Description

-High Quality: Handcrafted in cast iron material, matte black finish, light weight but strong enough, high quality metal, heavy duty.

-Beautiful Design and Features: The matte black looks great and great, and the finish removes used candles and waxes easily. The beautiful and functional candle ends melt and release to the base plate and harden quickly. Set it up, put a new perfect candle, very clean, not bleeding everywhere, but use the candle to the end.

-DURABLE AND SAFE: It captures all wax and keeps it from burning from dripping water. With a curved handle, it is easy to take and won't hurt your fingers. The round hole provides firm support for the sail, making it stable and safe to use. It fits perfectly with any standard or cone sail.

-Good addition to the home: They are well made and have a wide and flat bottom for greater stability and add beauty to the dining table. They look good and are practical during a power outage. These pieces provide a retro vibe and a nice addition to any home, mantle venue.

-Exquisite Gifts: Can be placed on tables, tablecloths, bookshelves, bar counters, etc. at will, showing the taste of retro art, and can be used as exquisite gifts for family or friends, used in weddings, birthdays, Christmas and other festivals or occasions.
