- YOUR GRIP ARMOR IS HERE – The LYFT-RX CARBON GRIPS. Designed for serious lifting applications in weight lifting, functional fitness and gymnastics, these premium palm grips protect your hands from cuts, blisters, and calluses. With a 2.0mm thickness and a no-hole or fingerless design, the LYFT-RX grips offer maximum coverage for your palms and fingers. Go unbroken doing pullups, muscle-ups, toes to bar, or chest to bars with your hands fully protected!
- A MODERN YET RUGGED DESIGN – Simplicity is the ultimate sophistication. Using a single sheet of carbon fiber, the LYFT-RX grip is precisely cut using an ambidextrous pattern so that you can use the grip on either hand. The velcro strap and steel buckle is double stitched on the outer part of the grip so it does not come in contact with your skin, wrist, or bone. This one-piece construction ensures the grips will not rip apart during extreme use.
- SMOOTH IS FAST – Transition from the pull-up bar or rings to the next exercise in 2 quick ways: First, by folding the grips towards you. Because of the premium thickness of the carbon grip, it stays folded in the pulled-back position. Second, by rotating the grips to the back of your hand. Because the snag-free steel buckle is on the outer part of the grips, you can easily rotate it 360 degrees. Save time and mental energy during your wod with smooth transitions.
- YOUR HAND, YOUR GRIP STYLE – The LYFT RX grips come in a variety of colors like black, pink, od green, red, white, and blue to match your gear. The unisex handgrip comes in 4 sizes; small, medium, large and extra-large. For accurate sizing, measure from the base of your hand to the desired coverage of your fingers. Since these grips do not have finger holes, the bigger the size, the more coverage you have.
- LIFT HEAVY WITH LYFT-RX! – Lifting is your passion, your gear is ours. Protect your hands at all times with hand grips made to outlast any workout. Your purchase is backed with our 100% money-back guarantee. So, stop the rips and get the grips! LIFT HEAVY with LYFT-RX GRIPS today!

Product Description

The LYFT-RX Grip is used for blister, callus, thumb, and finger protection in activities like powerlifting, workout cross training, and strongman fit. The gym use palm grips are great for rope climbs, rowing, kettlebell, barbell and gymnastic exercises. The no holes, finger less design is an update over the 2 or 3 holes design. LIFT RX offers complete palms protection. The wrist wrap section prevents injury by keeping the grips securely in place. The carbon fabric is anti slip and non leather. The liftrx hands protector is good alternative to using gloves because it gives you a raw feel for the bar. The rx grips are available in army military green, yellow, purple, white and gray, with sizes ranging from small to xl. The grips are unisex, man, woman, youth or kids use. We've done our research and have designed this premium pair of grips to match your specifications. No more bare hands gripping. Stop the rips and get the rips! Lift heavy with LYFT-RX Grips today!

Review by Liv Pinciotti: 5 stars, 'Get the bigger size for more coverage!'

The fingerless design makes this grips the best. My other grips with the 3-hole grips never fit right. I keep adjusting my fingers and sizing was always an issue. But with these grips, my hands are fully covered. I also sized up. I'm a size small on the chart but I picked medium to make sure my fingers were fully covered when I was hanging on the bar. Definitely a premium pair of grips for CrossFit. Great buy!
