About this item

●Extensive Performance Transform one of your computer's USB ports into four with this USB hub, with wide compatibility including USB cable, flash drive, Mouse, Keyboard, etc.

●SuperSpeed Data Use the USB hub to sync data at blazing speeds up to 5Gbps; fast enough to transfer an HD movie in seconds

●Compact and Lightweight Packet size design allows you to take it on the go, ideal for home, office, business trip or anywhere you go; connect with your laptop and

access to your USB devices anytime.

●Compatibility Compatible with USB 3. 0 and backwards compatible with USB 2. 0.

●Easy To Set-Up This hub doesn't require any software or drivers to get started. Just plug it into your USB port. It will be easier to connect and transfer data between devices.

●Charging Not Supported Do not use this hub for charging purpose, not recommended for charging tablets and other devices with high power demand.

●Note Check your device loading current when used for charging (e. g. iPads/Tablets) or for high-power devices (e. g. hard drive); insufficient current may lead to slow charging or other failure.
