Description Reviews (0)

- Large capacity, it is very convenient to put all the hiking, traveling, camping and other accessories in this spacious backpack.
- Waterproof and durable backpack-This backpack is made of waterproof fabric and is very lightweight even with padded shoulder straps. Very strong, durable and breathable at the same time. The stress points are strengthened by bonding rods to extend the service life. We use durable metal zippers on our backpacks, which are very sturdy and easy to slide or zip, so you don't have to worry about the zipper getting stuck on the flap.
- Comfortable companion-We will consider comfort and functionality when designing. Shoulder straps help relieve shoulder pressure. The length of the shoulder strap can be adjusted. It is not easy to fall when walking or running.
- Ultra lightweight backpack and compact (0.78 pounds)-weighing less than one pound, the portability of this backpack is unparalleled.
- Usage-The backpack is ideal and comfortable for daily use or day trips, vacations, fishing, travel, hiking, school, work, camping and Disney day trips. A great hiking backpack for ladies and men. If you have any questions about the product, please feel free to contact us.
