HORRIBLE

DO NOT WASTE YOUR MONEY. I am so frustrated because I bought this set as a wedding gift and when I opened the Amazon packing, the original packaging was torn, ripped and dented. The packaging was also dusty and smelled. When I opened the product a glass was chipped, the set was dusty and smelled horrible. I am asking for my money back because this is ridiculous. I did not spend \$100 to get this piece of crap. NEVER AGAIN

Horrible quality

Someone else who has pictures of it being used is absolutely correct and mine looks exactly the same. There is no quality check on these. The decanter has air bubbles in it. And this set costs over \$100. Absolute pass.

It came in a 10/10 box, everything was excellent. The glasses and decanter made for a great drink with my buddies. Everyone loved the look of them! 100% recommend

Beautiful, well crafted and a gorgeous centerpiece

Reviewed in the United States on February 26, 2021

I got this for my boyfriend for Valentine's Day. He absolutely loved it! The packaging box is magnetized so he can keep it if it ever needs to be stored. It's already filled with his favorite whiskey. The glasses are solid and feel right in your hand (even with his ridiculous mammoth square ice cube) and the decanter is really pretty. They're on the center of his dining room table. So glad I found this! Beautiful and affordable.
