Budget-Friendly Roofing

We have high standards, and we don't settle. You'll get an exceptional roof for a price that you can afford, top installation-standards guaranteed.

Respect & Kindness

We treat every client like family — with respect, kindness, and the attention to detail that your home deserves. We don't take shortcuts.

Long-Term Focus

Your new roof will protect your home for years to come. We only use the highest quality materials and the best installation procedures.

Bad Roofing Installation Can Cost You a Fortune

Cutting corners and hiring cheap contractors almost always results in more repairs down the road. Bad installation can cause future damage to your home. Inexperienced contractors might not have insurance, meaning liability could fall on your shoulders. Most importantly, a poorly installed roof is a danger to you and your family.

Our Roofing Standards Are Sky-High

We only hire the best and most-experienced team members. Everyone on the Major League Roofing team shows a personal sense of integrity, respect for our clients, and remarkable attention to detail. We will provide both exceptional roof installation *and* exceptional communication to make sure the project runs as smoothly as possible.

Here's How it Works

Step 1

It all starts with getting to know *you* and the project *you* want to work on. We will ask a lot of questions to make sure we understand exactly what you want, and we will continue that clear communication throughout the entire process.

Step 2

Next we'll inspect your property to get a better scope of the project. This is where we'll help you determine the best option for your home — whether you're renovating or repairing. We'll be honest and realistic to help you accomplish your goals.

Step 3

Finally, we'll help you finalize important decisions such as materials, warranties, and payment plans. We'll help you choose whatever is best for your family and your project. We're happy to make recommendations if you're not sure.

COMMERCIAL ROOFING

"They did a great job on installation of all the items that were damaged and the work they did made my home look better than before the storm."

Susan F.
Customer

"I will always call Major League Roofing for any of our future roofing needs. 5 stars for sure!! The crew from IMPACT were fantastic, starting with Tim and his friendly, informative manner, down to the crew with their fast, efficient, and top-notch work."

Logan D
Customer

"Impact did an amazing job on my roof last year. They are installing siding on my house this summer. Thanks so much!"
