Pretty!

I like this color! I have bought various different kinds of quick dry nail polish, so I am used to it and knew what I was buying. It usually takes several coats but dries a lot quicker than other polishes, which I need! I am impatient and don't have time to sit and wait for a long time for my nails to dry! Love this stuff!

beautiful. amazing. long lasting. buy it now.

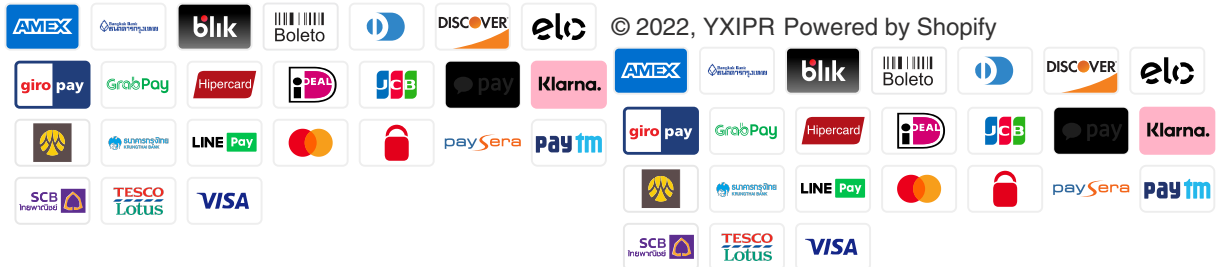

beautiful long lasting nail polish is as rare as a unicorn or as a good time in 2020. This nail polish is truly unmatched. And trust me I've bought a lot of nail polish. An embarrassing amount. I have another set from this company, and I would say this set in particular is far and away the best. If you're thinking about it, stop, and send it sister. These are it.
