ABOUT US

The music ministry of **Simply Real** is a branch of Remnant Ministries which was formed in 1985 as a youth/college ministry. In 1991, God broadened the scope and responsibility of the ministry to include regular in-depth Bible studies to encourage a lifestyle of true Christian discipleship.

In the mid '90's, Remnant Ministries incorporated as a 501c3 charitable organization and the ministry signed with an independent recording label out of Nashville Tennessee recording the CD Trace Green. The band was then confronted with multiple opportunities to compromise spiritually. Choosing conviction over compromise the band walked away from the opportunity in a mutual parting of ways with the label.

Committed to the call of God, Jeff and Scott continue to minister, recording *Blue* (2002), *Undone* (2006) and *The Road Home* (2015.) Jeff has also written two books published by Remnant Ministries - *Asking for the Ancient Path* and *After God's Own Heart*. The staff at Remnant Ministries is available for book discussions, Bible studies and other speaking engagements.
