- **ULTRA DURABLE** – our hoses are constructed from a commercial-grade 304 stainless steel that is extremely durable, doesn't rust, is resistant to leaks, punctures and extended drags over tough surfaces
- **FLEXIBLE & LIGHTWEIGHT** – the unique interlocking flex design is extremely flexible & easy to maneuver around tight corners, trees and other obstacles while remaining significantly lighter than commercial hoses
- **WEATHERPROOF** – the Bionic Steel Hose has been built to withstand extreme conditions– from sub-zero temperatures, the hose can be frozen in a block of ice -to- being left in the sun for days– and everything in between ensuring many years of reliable use
- **FITTINGS** – the aluminum crush resistant fittings & stabilizer collar are engineered to withstand extreme force while the on/off valve makes the output easy to control
- **LARGE DIAMETER FOR MAX PERFORMANCE** – inner diameter is a large 5/8 of an inch which allows for a powerful stream and the superior 500PSI burst strength guarantees trusted performance and long life
- **KINK FREE** –the body of the hose is encased in a sturdy stainless-steel outer layer allows for a consistent, steady and high-pressure water output yet is memoryless, meaning it will lay flat, resist kinks, can coil easily and store effortlessly
- **NON-EXPANDABLE** – this hose does not expand or retract guaranteeing a steady and uninterrupted flow of water

Please note that due to limitations in photography and the inevitable differences in monitor settings, the colors shown in the photography may not correspond 100% to those in the items themselves
