

Online advertising campaigns with guaranteed results.

We help you locate customers with data-driven digital marketing and analysis. Using a variety of platforms, we create dynamic online campaigns to increase your brand's visibility, encourage customer interactions, and connect you with potential customers.

Find your hidden patient base

. Are you reaching your target audience?

A strong brand needs a strong online presence. In a sea of virtual competitors fighting for the same visitors' clicks, our Online Advertising program will help you locate and target your potential customers. We use strategic market analysis to create eye-catching, optimized, consumer-driven advertisements that display on multiple platforms to help you reach the widest possible audience. Don't get lost in the abyss... Let us help you generate leads and build your business.

. A simple formula for guaranteed clicks

Our online advertising experts create opportunities for you to connect with real potential customers by deploying targeted ads with sales-driven messaging and creative images to the right audience. We use an extensive arsenal of programs and tools like Google Analytics, Facebook pixel tracking, heat maps, user interaction recording, email monitoring, and phone tracking, and we analyze the data from your campaign every single day.

How We Navigate Online Advertising

MAKE A CONNECTION

- We create eye-catching, consumer-driven advertisements that display on multiple channels and social media platforms to maximize your investment and new patient opportunities.

SYSTEMS ENGAGE

- First, we will conduct a discovery session to get to know your practice and your specific goals for this campaign. Whether you are a new practice wanting to gain visibility, interact with your new client base online, get patients to register for an event, or increase your patient base, we will explore all avenues to get you in position to outdo the competition.

REPORTING

- Using our arsenal of programs and tools, we will meticulously monitor, maintain, and optimize your online advertising campaign.

TARGET SIGHTED

- We create opportunities to convert interested prospects to real patients by collecting the contact information they submit and following up with automated e-mails.

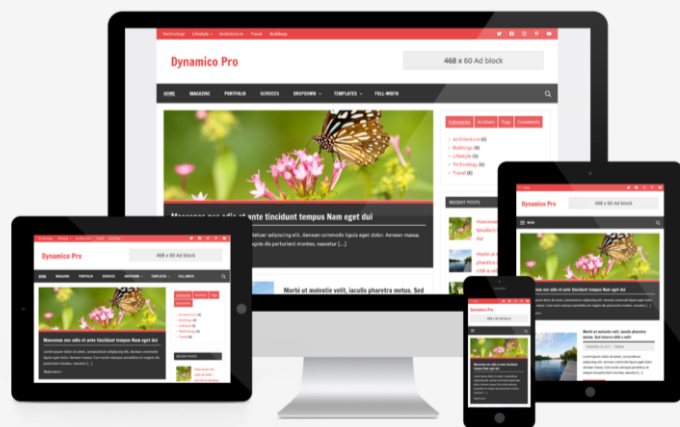

Social Advertising

Display your ads on social media platforms Facebook and Instagram. Choose locations like the Facebook news feed or sidebar and Instagram stories.

Omni-Channel Ads

Take your ads outside of social media to show on a variety of platforms including mobile displays with IP targeting and re-targeting.

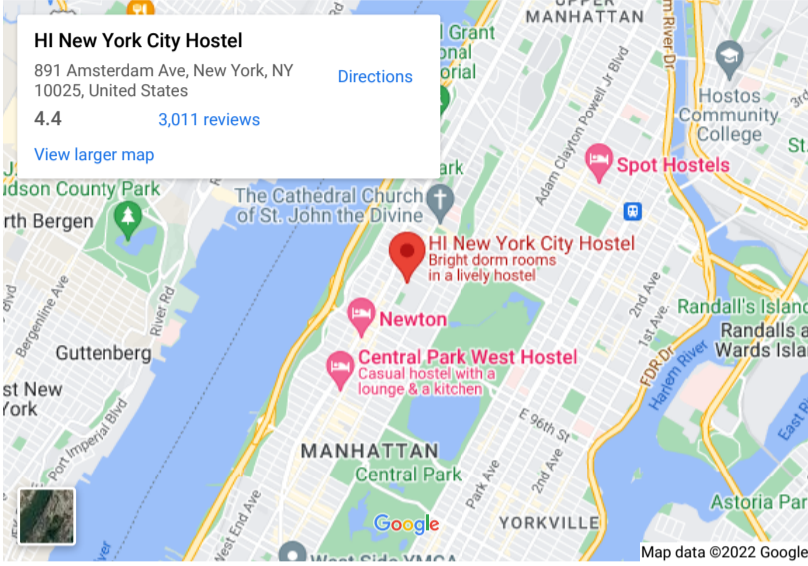

Advertising Add-Ons

Even more options like LeadBoost ads, accelerated action ads, boosted posts, strategic email and direct mail campaigns, and new mover targeting.
