- Coolmax electric ice cream maker uses a powerful compressor for fast cooling without the need to pre-cool the machine in advance. Coupled with the design of multiple cooling holes on the side, it has a very long service life.
- The operation is very simple, just put the ingredients into the ice cream maker and press the button, and you can enjoy delicious ice cream after 30 minutes.
- 1200ml large capacity, can make 16 cones at a time. Satisfy the family's portion needs, and it's more than enough to use at parties.
- The double-blade mixing head is used to stir more delicately, making the ice cream taste more silky and mellow. You can also use the prepared ice cream with fruit, chocolate, condensed milk, cereal and other ingredients to make a unique ice cream flavor.
- With this electric ice cream maker, you can say goodbye to unhealthy ice cream with added pigments, flavors, and preservatives, and let your children eat whatever they want, so that their safety and health are guaranteed.
