Nice warmth

Reviewed in the United States on May 16, 2022

I bought this for not only ambience but for the heat when the sun goes down and I'm not done being outside. It works perfectly and it's fun to look at it. I can definitely feel the heat coming from it as it sits on the end table next to my chair. It works better with a higher percentage of isopropyl alcohol but needs to be filled about 2/3 of the volume inside it in order for it to light. Mine didn't have the 2-tone colors paint on the outside and it came with scuffs missing paint in places. But it works for me and I'm happy with it.

Simple but great!

Reviewed in the United States on May 4, 2022

I'm pretty impressed! Really neat product that although is pretty simple is really a lot of fun, to have a little tabletop fire for s'mores or just for some ambience and good conversation. It doesn't take much alcohol for the fire. The flame is also much larger than I expected I'd say the perfect amount for some s'mores. Great buy!
