night and provide responsive lighting; in induction mode, when someone passes by, the light will turn on for 15 seconds, then automatically turn off. The sensing range is 5-7 meter in front, 120 degrees horizontally, and 2-3 meter laterally.

- Built-in Magnet: The wood lamp with diameter of 2.5cm is easy to be carried and the built-in magnet can be attached to any metal surface. It is portable and convenient to install and use in various occasions: stairs induction light, wall lamp, led bedside lamp, cabinet light, emergency light and refrigerator, etc..
- Night Light Mode: 4 LED units in polished lampshade, 2700-300K warm light. The unique inside design makes the smart sensor light have good uniformity, soft and comfortable light, and provide a comfortable space and convenience for people, especially for the elderly to move at night and for parents to take care of their children.
- Saving Energy: Built-in rechargeable 500mah battery can last 8 hours in normally bright mode and be standby for 3 months in induction mode. If there is sufficient light during the daytime, the induction mode will automatically turn off to save energy.
- The led light is handcrafted with logs and plexiglass. High-quality materials and unique design make the product have a good uniformity of illumination. It is both beautiful and practical, making your life be full of joy and happiness.
