- LED warning light keeps good comprehensive performance with high visual impact strength.
- Supports good stability and good electrical performance, such warning light can be used for car / school bus.
- Warning light keeps excellent luminescence effect with stable appearance and excellent performance.
- The housing is made of PC material with clear color, good transparency, no fading, no wear and tear.
- And LED warning light installation is simple, which not requires particularly complicated operations.

Please note that due to limitations in photography and the inevitable differences in monitor settings, the colors shown in the photography may not correspond 100% to those in the items themselves

**PROMPT AND CARING CUSTOMER SERVICE**

Highly value customers' satisfaction and tolerate zero quality issue. If you're not thrilled with its performance, please let us know
