- With the DEAKY SPORTS Kettle stand, you can quench your thirst whenever you're on the road and stay hydrated and active while on the road. Two cages carry more drinks, double the pick-me-up, and are ideal for long rides
- The kettle stand fits all standard size riding kettles. The opening can be manually fine-tuned and is ideal for bottles with diameters of 2.3 to 3 inches
- Easy to install. The distance between the two mounting holes in the lower pipe is generally 2.5 inches. Using a hex wrench and two hex socket screws, you can easily secure the cage to your bike in one minute. Once tightened, the screw stays in place for years
- Because the cage is made of one piece, there is no need to worry about scratches on the bottle. A careful finish removes sharp edges while the environmentally friendly surface is very smooth.

Please note that due to limitations in photography and the inevitable differences in monitor settings, the colors shown in the photography may not correspond 100% to those in the items themselves
