Cheesman Undertakers, Prost Brewing Co, and All The Colorado Things present a wild west weekend of graveling riding throughout beautiful northern Colorado and into southern Wyoming. The event will take place July 9-11, 2021, and is open to all gravel riders. The route is filled with scenic views and historic landmarks. This is a free, just-for-fun adventure to get cool people together who like to bike. Simple as that. There will be no racing just hanging out and exploring what this area has to offer. The weekend can be customized into 1-2 nights and varying distances of biking (ideal for all riders).

You will need to register so we can plan to have enough supplies, beer, etc. Please register by 5:00 PM on Wednesday, July 7th.
