## THE AIRGANIC MISSION

we are AirGanic – indoor air quality control experts, comfort specialists, and eco-friendly HVAC contractors based in Seattle.

Airborne viruses, allergens, and pollution are now a topic of serious concern. Energy consumption in our homes and buildings drains our planet's resources – and our budgets. In a time when safety and purity are top priorities, the AirGanic Mission is simple:

nimbus screenshot app print

- ⊕ To purify the air of any residential, commercial, or industrial building
- ⊕ Ensure maximum comfort for the building occupants through cleaner air, premium heating and cooling systems, and insulation
- ⊕ Focus on efficiency, energy-savings, and safety
- ⊕ Use only organic, eco-friendly products and workflows

## OUR SERVICES

We're Focused On Bringing Extraordinary Customer Service!

## RESIDENTIAL SERVICES

From optimizing the air quality through air duct cleaning and sanitization that reduces allergens in your home's air, to improving your home's comfort through furnace/AC installation and repair, insulation installation, and more, you can trust AirGanic to provide optimum service to make your family home more safe, comfortable, and economical.

## COMMERCIAL SERVICES

When you manage a commercial building, you've got your occupants' safety and comfort in mind, with a watchful eye on the energy costs. With AirGanic, our comfort experts specialize on commercial air duct cleaning, air quality testing and sanitization, HVAC installation and repair, and insulation – all the while maximizing safety and an eco-friendly approach to energy savings.

We've worked with major companies like Expedia, US Postal Service, and Local School Districts, all the way to hospitals, industrial factories, office buildings, and retail businesses, and are well-equipped to handle jobs of any size.

## OUR PROCESS

### AIR QUALITY CONTROL

Indoor air pollution can be up to 10 times worse than outdoor air. Your family and building occupants depend on clean air for health and safety. Our Certified Air Quality Control Experts provide complete air purification and sanitization services, from certified indoor air quality testing, premium air duct cleaning, and our own "Breathe Easy" premium program. You'll notice cleaner air right away, with a dramatic reduction in allergens, pathogens, dust, mold, and irritants, and you can "breathe easy" knowing that your home or office has the cleanest indoor air possible.

### ECO-FRIENDLY AND ORGANIC

At AirGanic, we strive to provide better air while keeping our process fully organic. We use only eco-friendly products to be mindful of your family's health as well as the environment. Your home or business will receive only non-toxic, EPA-approved products, free ecological sanitation to the air ducts after the cleaning, and a safe UV air purification system that cleans up germs and eliminates bacteria. Invoices are all digital for environmentally friendly workflows and progression toward a fully organic company.

### PREMIUM COMFORT

A comfortable building makes for a happy home, and a productive workplace. Our comfort specialists will recommend products and services to bring you cleaner, safer air to breathe through our air quality improvement services like duct cleaning and sanitization to reduce allergens, viruses, and pollution. And you'll enjoy steady, cozy temperatures through our insulation products and HVAC systems for furnace and air conditioner installation and repair services.

### ENERGY EFFICIENCY AND MONEY SAVINGS

Like a door left open on a winter night, many homes and buildings are leaking energy without even knowing it – making your furnace and air conditioner work harder. Our modern, energy-efficient heating and cooling systems are designed to keep your home or business at steady, reliable temperatures all year round – and saving you big money in the process.

## READY FOR AN APPOINTMENT?

Our team is here for you to answer questions, or to schedule a no-obligation consultation at your building and at your convenience. Contact us at your preference of calling by phone, filling out a quote form, or with our convenient online scheduler.

Online scheduling is free and easy, and an extension of our commitment to provide the best experience possible.

## OUR COMMITMENT TO SAFETY

As an organically based company, we're especially sensitive to cleanliness in this current time. At AirGanic we will always take extra special care to be mindful of health and safety, at a level above and beyond what most people would expect.

In light of the airborne viruses, and our efforts as an **eco-friendly company** to maintain the hygiene and health of our clients and employees, here are the safety rules we take to ensure the safety of all:

- 01**  
Access every home wearing masks and new gloves.
- 02**  
Wear shoe covers at all times in the house.
- 03**  
Sanitize hands before and after work completion.
- 04**  
Sanitize equipment at the end of each day.

At AirGanic, you can rest assured knowing that as experts on sanitation and air quality, we're taking extra precautions for the utmost in hygiene and health for the benefit of you and your family.
