★★★★★ **Fun and easy to use**

First of all, the quality is very good. It feels like a solid toy and is indeed waterproof. You can easily hand wash it with some soap. The USB charging cord is proprietary, so don't lose it. Suitable for all genders.

★★★★★ **Not a very strong vibration but great seller communication.**

Reviewed in the United States on December 3, 2019

This product was terrible. I purchased based off the reviews and was sadly disappointed. Got it out and tried it one day outside my return window. For the price, I expected fireworks....none came! Cheaper vibrating device would've worked just as well. Product kept losing connection with Bluetooth device unless it was kept within a foot of the device. Boo. 😞 😞

Even though I was not satisfied with the product the seller contacted me and gave me a full refund! Great business.

Very pleased with the product. It was \$100 less than what you would pay at the store and only took a day to get it. Would definitely buy it again

★★★★☆ **App barely functions**

Reviewed in the United States on April 22, 2020

Pros: The product itself works great, and has lots of cool functions. Awesome silicone vibrator which can also be used for kegels.

Cons: App doesn't work properly. The corresponding app is terrible, and can't be used for the intended purpose. I'm not sure if another sex toy app would work for this vibrator, but it doesn't work for remote partner play. Thought I had COVID-19 beat, but this was a real let down.

★★★★★ Holy Forkn Shirt!!!

Reviewed in the United States on January 22, 2020

This thing is UUUUHMAZING! I tested it out while at a concert and my partner was controlling it from somewhere else, OMG! I had to hide my face bc it was so good!! The only thing is, if you have thick thighs like me if you sit while wearing it you might accidentally turn it off. 10/10 would recommend!!!!

☆☆☆☆☆ Do not buy

Reviewed in the United States on December 5, 2019

Color: Red2 | Verified Purchase

My first review was deleted. It mentioned the seller's attempt to get me to change my review by sending me a free product. This practice likely is why they have such positive reviews.

I do not recommend this. It never worked with my phone. The app is awful. I returned it.

The device can be controlled remotely. No matter where you are, as long as there is a network, everything is under control. This is the third time I have bought their products. Every time they are perfect.
