Anti-fogging/Anti-droplet/Anti-Strom Sand/Anti-UV400

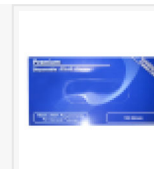

1. High-definition lens design, the vision won't be distorted.
2. Anti-fogging and anti-droplet.
3. Ergonomic nose bridge design.
4. Lightweight and comfortable for long-term wearing.
5. Lanyard hole designed for convenience and sturdiness.
6. Open and close smoothly and easily with exquisite workmanship.
7. The goggles shape are designed to fit all faces. Suitable for various face shapes: oval face, square face, round face, long face, or oblong face.
- 8 Can be worn on top of nearsighted glasses.

Usage: Suitable for various of harsh environments, excellent full coverage for protection and safety, subverting the traditional heavy goggles.

Product quality in compliance with EN166, ANSI Z87.1, D45094, SGS, CE, TÜV. UV400 UV test: UV400 is the highest anti-ultraviolet coefficient.

Made in Taiwan and passed the quality acceptance of UV400 from MOEA(Bureau of Standards, Metrology and Inspection).

Kind reminder: Do not clean with alcohol or acid-alkaline detergent as it will reduce the friction of the surface and reduce the anti-fogging function.
