I'm not a real fan of disposable gloves and I find a waste since I'm in them so much but being little and finding gloves isn't always easy and I'm unsure how long some of these ppl think my fingers are but in desperation I thought I'd give these a whirl. Oh they'll be a permanent order. The fit and Feel is fantastic. \$ value is great so these definitely win my vote as a household staple

★★★★☆ **Great Flexibility But Photos Are Misleading**

Reviewed in the United States on October 2, 2021

Color: Purple 1 Box of 100 Pcs-small | [Verified Purchase](#)

Great gloves but picture was misleading the cuff is not extended and the color is more a dull dark purple. Great strength to mil thickness(4.5mil). Great replacement for halyard purple nitrile gloves but these gloves are thinner which is good and bad depending on what you use them for. Overall length is 9.5 inches. I have found no defects in the gloves so far.

★★★★★ **Great gloves!**

Reviewed in the United States on December 2, 2021

Color: Purple 1 Box of 90 Pcs-xlarge | [Verified Purchase](#)

I work with various toxic resins from standard photopolymer resin for 3D printing, to epoxy resin for crafts, so gloves are incredibly important for my safety. I have unfortunately ordered gloves in 2021 from vendors that were clearly reused (stains and tears, it was horrifying), so when I got these gloves I was happy with the quality, I know these are first time use, no stains, no tears, they're perfect everytime. I will absolutely order again from this seller.

★★★★★ **Heavy duty gloves-hold up surprisingly well**

Reviewed in the United States on February 20, 2022

Color: Purple 1 Box of 90 Pcs-xlarge | [Verified Purchase](#)

I use these gloves for everything from light duty food prep to nasty cleaning jobs. They do not disappoint. I have very rarely had one to break or be defective. They are thin enough to provide good dexterity but thick enough to hold up to heavy duty jobs. I have tried quite a few brands of gloves but these are definitely my favorites. My only complaint is that they run small. An XL size fits me well and my hands are not really big. But all considered, I highly recommend these gloves.

Can't seem to get on most of time. They fit great once I get them on so guess larger size but need slim fit to work my job. Some cleaners do seem to affect the durability
