【More Bigger Size RC Helicopter】 the RC Helicopter is 18.5*3.26*7.84 inch, The frame is built of alloy which is strong and has enough weight to i that it does not feel cheaply made.

【Altitude Hold & Non-jamming Function】 The RC airplane has altitude hold function. It could hover at a certain altitude automatically after taking off with the advanced barometric pressure technology. Equipped with a 2.4GHz remote control system, it can offer a stable signal and be operated more flexible for a long-distance.

【Easy to Control】 This RC Helicopter is equipped with the latest Gyroscope technology. 100% assembled. You can play it easily with 1-key take-off/landing, high/low speed, left-right fine-tune. With the bright LED light, you can even fly it in the dark.

【2 Batteries & Low Battery Reminder】 Each set of aircrafts comes with 2 rechargeable batteries for long periods of flight. Besides, when the airplane flying with low voltage, the controller will beep to remind you to let it come back.

【Fun for All Ages】 Primarily for indoor use and sometimes for outdoor use without a little wind. This model is an ideal recreational toy for beginners, advanced and professionals. It's easy to figure out even with so many functions. Perfect gift for both children and adults!
